

Locum Paediatric Cardiac Perfusionist

*Sunny Brisbane location. World-class facilities. Temporary full-time opportunity.
Relocation and visa assistance offered. Excellent benefits and remuneration.*

Mater Health Services' Paediatric Cardiac Perfusion Department within the Mater Children's Hospital in South Brisbane, Queensland has a vacancy for a Certified Perfusionist on a full-time temporary basis.

The position is to commence immediately covering a maternity leave absence. There is flexibility around the length of contract which is available for a 6-12 month period.

The Mater Children's Hospital provides specialist paediatric healthcare services to Queensland children through Mater Children's Hospitals and is a major tertiary referral centre. Within the hospital, the Queensland Paediatric Cardiac Service provides a comprehensive range of paediatric sub-specialties to ensure that a coordinated team of staff addresses the child's clinical needs.

The Paediatric Cardiac Perfusion Service is established within the Department of Paediatric Cardiac Surgery and has a team of 4 Perfusionists, reporting directly to the Director of Paediatric Cardiac Surgery.

The successful applicant will ideally have previous Paediatric experience, however those with Adult experience are welcome to apply and training and support will be available to assist with the transition to the Paediatric service.

To be considered it is essential that you have:

- 2 year's full time post CCP experience in cardiac perfusion
- Evidence of current certification in Clinical Perfusion (CCP) Australasian, USA, UK or Canada
- Certification with ANZCP or a willingness to gain certification with the ANZCP
- Membership (or willingness to obtain membership) with the Australian and New Zealand Society of Perfusion (ANZCP).

It is also highly desirable if you have previous experience in the use of Extracorporeal Membrane Oxygenation (ECMO) and Ventricular Assist Devices (VAD) and autologous blood management techniques

We are seeking someone with excellent communication skills and ability to work effectively and harmoniously in a team environment and the vision and ability to contribute to the development of a world-class paediatric cardiac perfusion service.

Located in the capital city of sunny tropical Queensland this is an opportunity not to be missed working for a leading health care provider. For those not currently based in Australia, Mater is able to offer relocation and visa assistance for those who require it.

As a valued member of Mater's staff you will also be eligible to receive benefits not readily available elsewhere including: access to salary packaging; up to 12.75% employer superannuation; access to the onsite gym and swimming pool; subsidised onsite car parking and much more.

Salary range: \$95 651 - \$99 802 (HP5) per annum plus overtime, on-call rates and superannuation

Application closing date: Sunday 12 February 2012

Job Reference Number: 12PT3057

For further information specific to the role, please contact **Carla Zazulak, Director of Paediatric Cardiac Perfusion, on 07 3163 7149 or via email carla.zazulak@mater.org.au.**

Applications must be submitted online and should include a CV and cover letter outlining your interest in this position, and the skills and experience you would bring to the role. A position description is available on Mater's employment website www.exceptional.org.au. If you experience any difficulties in submitting your application, please contact HR services on 07 3163 8511.
